

MANAGEMENT CONSULTING, INC.

RLR Client Awarded 2017 Illinois Banker of the Year!

RLR Management Consulting recently attended the Illinois Bankers Association annual conference held in Nashville, TN. The conference serves as a forum for bankers all across the State of Illinois to come together to discuss current issues, review the latest in banking services and recognize those within the Illinois banking community who service goes above and beyond.

At the award's ceremony on June 21st, our friend and client, Mr. Martin Noll was awarded the 2017 Illinois Banker of the Year. As the Chairman of the Board for Community Bank of Oak Park River Forest, he has been involved in Illinois banking for nearly 50 years. Martin has been active in the Illinois Bankers Association for that entire span which includes serving on the IBA Board twice and over a dozen committees over the years.

The Illinois Banker of the Year award is the highest honor the IBA can bestow on one of its members and is presented annual to an individual whose dedication to excellence has most profoundly enhanced the banking community. Please join all of us at RLR in extending our congratulations to Martin!
